Croissant Whirl 160g

Our Croissant Palmier is unique: softer, fluffier and juicier!

It's made with croissant dough with margarine (28%), featuring a delicious vanilla aroma and enriched with milk. Its dough rises more, is very airy, resulting in a soft, thick bite, perfect for a variety of decorations.

VERSATILE. The palmier can be enjoyed on its own or decorated with chocolate, colorful toppings, whipped cream, caramel, or egg yolk. It's the most versatile recipe to enjoy at breakfast, as a snack, to go, or any time of day.
